Adventure Guide

We've put together some tips and suggestions to help guide you and your Big Kid as you get started on your potty training adventure.

Fill Out Your Adventure Highlights Together!

Customizing your Big Kid's sticker chart is as easy as 1-2-3:

- 1.) Let your Big Kid color his or her chart.
- 2.) Fill in which goals you want to track.
- 3.) Let your child know that each sticker is one step closer to reaching their goals and finding their special friend. When your Big Kid has something to celebrate, put a sticker on together! For every goal reached, give them a special Reward!

Goal Suggestions:
